

Brokers Back Office™

Global Data Mining, LLC

The Next Generation of Customs Brokerage

As brokers and forwarders, you have a powerful influence over the supply chain and have worked hard to create a trusted bond with your clients... yet today; many of you feel under attack.

Powerful forces of change seem to be hitting all at once: increased demands and lower margins from large clients, increased scrutiny from the government and the continual push to automate.

The *Brokers Back Office™* can help you thrive in the new era of global trade. GDM can provide the data and technical services you need manage change, expand capacity and offer new services that leverage your core competency: **experience & expertise** in global trade processes.

- Expand your influence and capacity to optimize your client's supply chain
- Build on the unique broker-client relationship
- Leverage your knowledge and experience
- Capitalize on your hard-earned expertise

The *Brokers Back Office™* works under your direction as an extension of your staff. Our services can be branded by your company... giving you the capacity you need to expand your influence and do more for your clients.
